

DA LIPSKE RECENTLY CAUGHT LYING ONCE AGAIN

Having already been caught red-handed telling so many lies, you would think DA Lipske and Connie Vargovich would hesitate before telling any more lies. Well, they just can't stop lying! Though both were caught lying to put me in prison, and caught lying to keep me in prison, it apparently was not enough to satisfy either of them. They were recently caught once again telling more lies about me.

In an attempt to retaliate for the website that exposes his lying, DA Lipske committed a despicable and desperate act when he recently called prison officials to seek disciplinary action against me. Apparently, DA Lipske wants to stop me from giving you uncontested facts and irrefutable proof of his and Connie Vargovich's lying. His retaliation effort backfired, proves his evil motive, and is further proof of his ugly habit of using lies to hurt people. Now, even prison officials know that DA Lipske is a liar!

Here is What Happened Recently :

1.) On September 7th, 2005, I was called out of my prison cell to answer a charge that I've been illegally phoning Connie Vargovich to harass and threaten her. I was confronted by Captain Dohms who advised me that DA Lipske called the prison to advise them I have been calling Connie Vargovich to harass and threaten her. DA Lipske was seeking severe disciplinary proceedings against me.

2.) I advised Captain Dohms that I have not called Connie or any other Vargovich, nor contacted her in any way from this prison. I asked Captain Dohms to verify this by checking prison inmate phone call records, as all prisoner calls are logged, recorded, and available for inspection. Also, all inmate calls are outgoing and are made 'collect'. A person receiving a call from the prison must first 'accept' the call, or it will not connect. Once accepted, the called party's telephone bill will list the collect call charge.

3.) The prison telephone call records prove I never made any such calls as charged against me by DA Lipske. The only calls I make from prison are to my mom. Also, Connie will be unable to produce a phone bill showing any collect call charge from a prison. Captain Dohms discovered that DA Lipske's allegations were false. No disciplinary actions were taken. The matter was dismissed. I wrote to DA Lipske asking who cooked up this latest false accusation, himself or Connie? He refused to answer.

4.) I next wrote to Judge Madden asking him to stop DA Lipske and Connie from continuing to falsely accuse me. Though I am already in prison because of their documented lies, they seem unable to stop lying. Other than to say "your letter was filed", Judge Madden did not respond. Though caught lying again and again in my case, these people just can't stop lying. To stop these proven, documented, adjudicated, and twice convicted liars, I need the help of the community.
